

What Makes
The Planet
Spin?

And, How Come
it Never Runs Out of Power?

The file previously at this location
(Energy-Capture-101)
is currently unavailable.

Over its initial 5-year run of
free & open access
at this venue
(initiated May 27, 2019)

it logged a total of **3514** views.

Propagation rate (as recorded / reported): **100:1**
